Järvsö Industriplast AB year 2022

- 20 employees
- Turnover approximately 40 million SEK

Factory

Factory 840m², office 210m²

We shipped total 492 114pcs details 2015-07 – 2016-06

CNC machining

When do we process:

- Once prototypes, zero series and pre-series needed
- When the processing is the best option
- When the flexible and fast deliveries needed
- When the injection molding tool goes out

Who do we help?

Machine Builders

Construction equipment and accessories

Electronics

Food

Consumer Products

Offshore

And many more

System Suppliers

Sawmills, paper mills, etc.

Fixtures, pallet posts and other production equipment

How do we get the right partner?

- Have a modern custom machine park (CNC lathes and CNC milling machines, CNC Chapter)
- Are supplier independent
- Have an average of 15 years experience on CNC operators
- Access to additional personnel at major series of evening / night production
- We use the Monitor as MPS system
- Good financial performance
- Flexible when needed is a must for our customers.

Kompetenta och erfarna medarbetare

Materials from the leading European suppliers

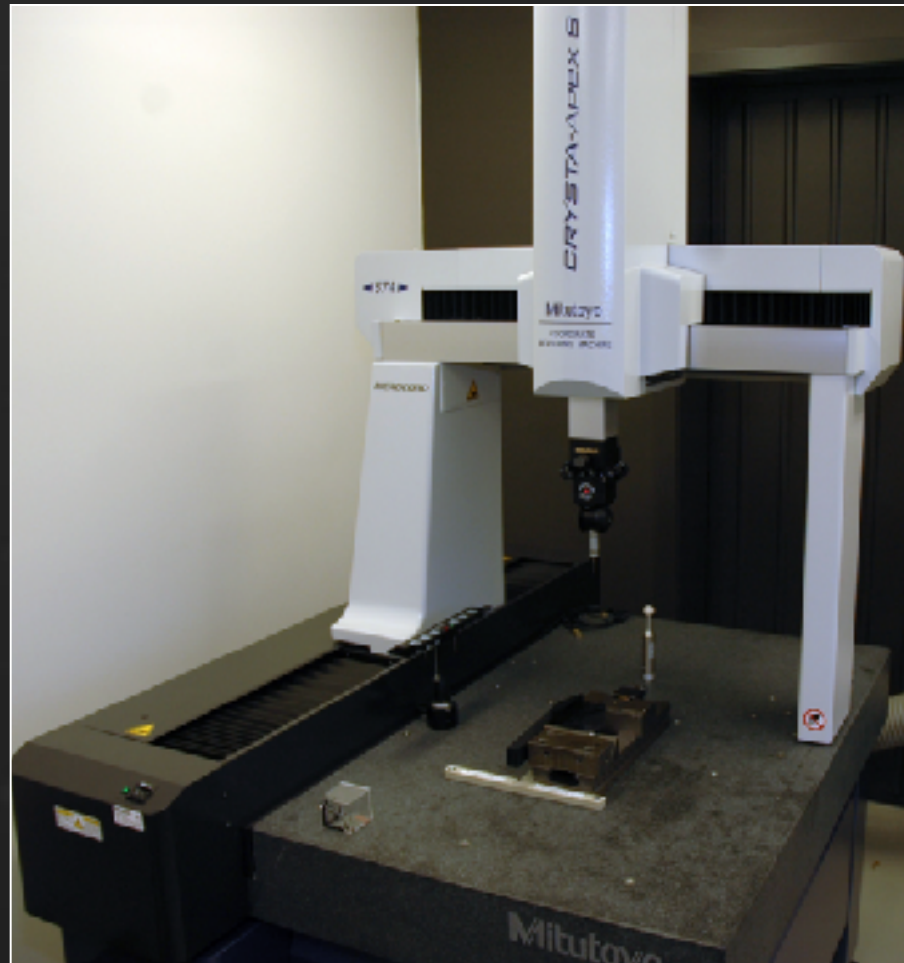

About 10 tons of material in stock

CNC controlled cutting equipment

Measuring machine
